Eurasian Masterclass on Penile Surgery-3 İstanbul

27-28 November 2026

Radisson Blu Şişli Hotel, Türkiye

Director of Masterclass

Ateş Kadıoğlu

TSA President

Metin İshak Öztürk

Scientific Secretary

Abdullah Akdağ

International Faculty

Gerald Brock (Canada)
Run Wang (USA)
Tobias S. Kohler (USA)
Hossein Sadeghi-Nejad (USA)
Ilham Ahmedov (Azerbaijan)
Senad Bajramovic (Bosnia and Herzegovina)
Taner Yusuf (Kosovo)
Gjergji Semini (Albania)
Shavkat Shavakhabov (Uzbekistan)
Nurbek Monolov (Kyrgyzstan)
Dmitry Kurbatov (Russia)
Osama Shaeer (Egypt)
Ahmad Majzoub (Lebanon)

INTERNATIONAL INVITED SPEAKERS

Gerald Brock
Past President of the International Society for Sexual Medicine (ISSM)

Run Wang
President of the International Society for Sexual Medicine (ISSM)

Tobias S. Kohler
President-elect of the Sexual Medicine Society of North America (SMSNA)

Hossein Sadeghi-Nejad
Chair of the 5th International Consultation on Sexual Medicine (ICSM) Committee

PROGRAM - Day 1 — Friday, 27 November 2026

08:00-08:20 **Welcome and Introduction**
Opening Speeches

- **Alper Ötünçtemur** - Head of the Urology Department, Prof. Dr. Cemil Taşçıoğlu City Hospital
- **Metin İshak Öztürk** - President, Turkish Society of Andrology (TSA)
- **Ateş Kadıoğlu** - Honorary President, TSA; Director of the Masterclass

08:20-08:30 **Live Surgery Session 1: Case Presentations**
Presenters: ***Taha Uçar, Abdullah Akdağ***

08:30-10:30 **Live Surgery Session 1**
Moderators: ***Gerald Brock, Ateş Kadıoğlu***

Coloplast Interventional Urology

Theatre 1: Peyronie's disease with longitudinal ventral incision — ***Run Wang***
Theatre 2: Penile prosthesis implantation in a fibrotic penis — ***Tobias S. Kohler***

10:30-12:10 **Plenary Session 1**
Moderators: ***Metin İshak Öztürk, Levent Özcan***

10:30-10:50	Alternative reservoir sites: a critical analysis	***Run Wang***
10:50-10:55	Discussion	
10:55-11:15	Peyronie's disease surgery: pearls of wisdom from ICSM	***Gerald Brock***
11:15-11:20	Discussion	
11:20-11:40	How to optimize revision surgery	***Ateş Kadıoğlu***
11:40-11:45	Discussion	
11:45-12:05	Improvements in penile implant surgery technology and future directions	***Hossein Sadeghi-Nejad***
12:05-12:10	Discussion	

12:10-13:00 **LUNCH**

13:00-15:00 **Middle East Society for Sexual Medicine (MESSM) Session**
Chairs: ***Osama Shaeer, Ahmad Majzoub***
Theme: Treatment of complications of penile prosthesis implantation

MESSM

13:00-13:15 Urethral perforation - ***Osama Shaeer***
13:15-13:30 Proximal perforation - ***Osama Shaeer***
13:30-13:45 Crossover - ***Osama Shaeer***
13:45-14:00 Glans necrosis - ***Osama Shaeer***
14:00-14:15 Hematoma - ***Ahmad Majzoub***
14:15-14:30 Bladder, vascular, and bowel injury - ***Ahmad Majzoub***
14:30-14:45 Concorde deformity, supersonic transporter deformity, and floppy glans - ***Ahmad Majzoub***
14:45-15:00 Discussion

PROGRAM - Day 1 — Friday, 27 November 2026

15:00-16:00 Fellow's Session

Format: Fellows ask each other
Opening remarks: ***Abdullah Akdağ*** (3 min) - personal route to fellowship with mentor, first meeting, motivation, challenges, facilitators, and key take-home lessons

15:00-15:07	1. What should a fellow consider when choosing a mentor? ***Taha Uçar***
15:07-15:14	2. Should intensive andrology education be undertaken during residency or after specialist training? ***Mehmet Gürcan, Mutlu Çakır***
15:14-15:21	3. What are the differences between domestic and international fellowship pathways? ***Samet Şenel, Gökhan Çevik***
15:21-15:28	4. The fellow's "wish I had known" points ***Emin Gürtan***
15:28-15:35	5. What changes in the early period after fellowship? ***Turgay Kaçan, Ahmet Halil Sevinç***
15:35-15:42	6. What changes in the long-term period after fellowship? ***Arif Kalkanlı, Murat Şambel***
15:42-15:49	7. How Should a Fellowship Program Be Structured? ***Mithat Ekşi***
15:49-16:00	Discussion

16:00-17:00 Eurasian Session
Chairs: ***Ilham Ahmedov, Taner Yusuf, Nurbek Monolov***

Theme: My Difficult Andrology Case

16:00-16:10	***Ilham Ahmedov*** Discussion: 2mins
16:12-16:22	***Senad Bajramovic*** Discussion: 2mins
16:24-16:34	***Taner Yusuf*** Discussion: 2mins
16:36-16:46	***Gjergji Semini*** Discussion: 2mins
16:48-16:58	***Shavkat Shavakhabov*** Discussion: 2mins

PROGRAM - Day 1 — Friday, 27 November 2026

17:00-18:30 **Penile Prosthesis Hands-On Workshop** Rigicon

Trainers: ***Metin İshak Öztürk, Mustafa Melih Çulha, Halil Lütfi Canat, Murat Şambel***

Workshop: Penile prosthesis implantation on silicone models

Objectives and Goals
The aim of this training is to enhance participants' practical skills in infrapubic and penoscrotal penile prosthesis surgery, and to provide experience in the surgical techniques and topographic anatomy related to possible complications. Through hands-on practice using silicone models, the program aims to enable participants to perform penile prosthesis implantation safely and effectively.

By the end of the training, participants will be able to:
1.Identify different types of penile prostheses (inflatable and malleable),
2.Perform corporal body preparation, and reservoir and pump placement using the infrapubic and penoscrotal techniques on a silicone model with proper surgical methods,
3.Discuss preventive measures and management strategies for potential intraoperative complications (such as perforation, malposition, etc.) and, through hands-on practice, achieve a basic level of surgical competence in penile prosthesis implantation.

17:00-18:30 **Guided Poster Presentation Session**

Part 1: Location: Foyer West Side
Chair: ***Barış Altay, Murat Dursun***

Part 2: Location: Foyer East Side
Chair: ***İrfan Orhan, Murat Çakan***

Format: Accepted posters will be displayed in the foyer. The chair will lead a moderated poster walk; each presenting author will deliver a concise 2-minute structured presentation at the poster, followed by brief questions and comments. Presenters are expected to remain available by their posters throughout the session to support scientific discussion and networking.

PROGRAM - Day 1 — Friday, 27 November 2026

17:00-18:30 Guided Poster Presentation Session

Part 1: Location: Foyer West Side
Chair: ***Barış Altay, Murat Dursun***

OPP-01	Safety and efficacy of intracavernosal allogeneic Wharton's jelly-derived mesenchymal stem cell-derived exosome therapy in diabetic patients with erectile dysfunction: preliminary results of an ongoing clinical trial	*Samet Senel*
OPP-02	Initial experience with penile girth enhancement using a Russian soft permanent silicone implant.	*Dmitry Kurbatov*
OPP-03	Pelvic Surgery and Radiotherapy Are Associated with a Mixed Vascular Penile Doppler Phenotype in Men Undergoing Penile Prosthesis Implantation	*Ibrahim Hacibey*
OPP-04	HPV-Independent Squamous Cell Carcinoma of the Glans Penis With Suspicious Inguinal Lymphadenopathy: A Case Report	*Samer Hussein Hadi Alhaddad*
OPP-05	Preoperative Psychosexual Status and Ejaculatory Profile in Peyronie's Disease Surgery	*Çağrı Şevik*
OPP-06	Urethral Injury in Penile Fracture: Association with Bilateral Corporal Involvement and Early Sexual Outcomes	*Batu Akalin*
OPP-07	Can Serum Serglycin Levels Be Used as a Biomarker in Patients with Erectile Dysfunction?	*Mustafa Koray Kırdağ*
OPP-08	The Oldest Reported Penile Fracture in an 84-Year-Old Man Receiving Warfarin After Use of an Unidentified Herbal Preparation	*Ömer Eyüp*
OPP-09	Clinical Factors Associated with Severe Penile Curvature in Peyronie's Disease: A Single-Center Study	*Metin Mod*
OPP-10	Early Leukocyte-Based Inflammatory Markers and Ischemia Duration as Predictors for Surgical Shunting in Acute Ischemic Priapism	*Gökhan Çevik*
OPP-11	Localized Inguinal Pain, System-Wide Prosthetic Failure: The Diagnostic Value of Active and Inactive MRI in a Complex Penile Prosthesis Revision	*Recep Çıkrıkcı*
OPP-12	Reflections of Penile Prosthesis Implantation on the Partner: Longitudinal Evaluation of Sexual Function and Relationship Satisfaction	*Gökhan Çeker*
OPP-13	The First 17-Year Series from Azerbaijan: Comparison of Penoscrotal and Infrapubic Approaches for Penile Prosthesis Implantation in Erectile Dysfunction	*Javid Ahmadzada*
OPP-14	Comparative Analysis of Turkish and English YouTube Videos on Peyronie's Disease in Terms of Content, Quality, and Reliability	*Buğra Cidani*
OPP-15	Association of Systemic Inflammatory Indices with Plaque Size and Penile Curvature in Patients with Peyronie's Disease Undergoing Penile Plication	*Ali Beytur*
OPP-16	Predictive Value of the Bioavailable Testosterone/Body Mass Index Ratio for Intracavernosal Alprostadil Response in Eugonadal Men with Severe Refractory Erectile Dysfunction	*N. Mustafa Şişik*
OPP-17	Diagnostic Performance of Clinical and Intraoperative Findings for Urethral Injury in Penile Fracture	*İbrahim Oğulcan Canıtez*

PROGRAM - Day 1 — Friday, 27 November 2026

17:00-18:30 Guided Poster Presentation Session

Part 2: Location: Foyer East Side
Chair: ***İrfan Orhan, Murat Çakan***

OPP-18	Efficacy of Li-ESWT in vasculogenic erectile dysfuntion: a retrospective study.	*Ali Yıldız*
OPP-19	Surgical Management and Functional Outcomes of Urethral Injuries Associated with Penile Fracture	*Serbay Arslan*
OPP-20	Metastatic Bladder Carcinoma Presenting with 6-Day Refractory Ischemic Priapism: Management with Open Proximal Shunt and Hegar Dilator Evacuation	*Ozan Can Dost*
OPP-21	46,XX Testicular Disorder of Sex Development (DSD): A Rare SRY-Positive Male Case	*Miraç Kaan Bay*
OPP-22	TikTok as a Source of Information on Erectile Dysfunction: An Evaluation of Content Quality	*Miraç Kaan Bay*
OPP-23	Does Adding Plication Suture effect the outcomes of Modified Nesbit Corporoplasty in Congenital Penile Curvature?	*Mevlüt Melih Biçer*
OPP-24	Simultaneous Surgical Repair of a Circumferential Urethral Rupture and Corpora Cavernosa Defect Associated with Penile Fracture: A Case Report	*İsa Özbey*
OPP-25	Does the Efficacy of Autologous Saphenous Vein Grafting Persist Long Term in Peyronie's Disease?	*Mevlüt Melih Biçer*
OPP-26	Twelve Month Outcomes of Focused Extracorporeal Shockwave Therapy for Erectile Dysfunction After Prostate Cancer Treatment	*Alihan Parpucu*
OPP-27	Co-occurrence of self-reported erectile dysfunction and premature ejaculation symptoms in men with Peyronie's disease: findings from a multidimensional sexual function assessment	*Şerifali Yağan Balcı*
OPP-28	Three-Piece Inflatable Penile Prosthesis Implantation in Transgender Men: Surgical Outcomes and Patient and Partner Satisfaction	*Naci Burak Çınar*
OPP-29	Total Glans Autoamputation in a Patient with Schizophrenia: A Case Report	*Bulut Dural*
OPP-30	Predictors of Postoperative Complications Following Penile Fracture Repair: A Retrospective Analysis of 55 Patients	*Resul Çiçek*

VP-01	Revision Surgery for Penile Prosthesis Fracture: Explantation and Device Replacement	*Mehmet Şahin*
VP-02	Single- Incision Synchronous Surgical Approach for the Treatment of Post-Radical Prostatectomy Urinary Incontinence and Erectile Dysfunction	*Şinasi Yavuz Önol*
VP-03	Penile Prosthesis Implantation in a Patient with Complete Erectile Dysfunction for 17 Years; Secondary to Tractor-Related Posterior Urethral Rupture with Multiple Failed Urethroplasties and Atrophic Corpus Cavernosum	*Ardahan Arda*
VP-04	Three-Piece Inflatable Penile Prosthesis Implantation and Concurrent Plaque Excision in a Patient with Peyronie's Disease	*Ardahan Arda*

PROGRAM - Day 2 — Saturday, 28 November 2026

08:20-08:30 **Live Surgery Session 2: Case Presentations**
Presenters: ***Samet Şenel, Mithat Ekşi***

08:30-10:30 **Live Surgery Session 2**
Moderators: ***Run Wang; Tobias S. Kohler***

	Theatre 1: Penile prosthesis implantation in a patient with severe Peyronie's deformity (auxetic incision)	***Ateş Kadıoğlu***
Rigicon Innovative Urological Solutions	**Theatre 2:** Penile prosthesis implantation revision surgery	***Gerald Brock***

10:30-12:00 **Plenary Session 2**
Moderators: ***Hossein Sadeghi-Nejad, İsa Özbey***

10:30-10:50	Peyronie's disease lengthening procedures a critical analysis	***Hossein Sadeghi-Nejad***
10:50-11:10	Penile prosthesis implantation: prevention of infection	***Tobias S. Kohler***
11:10-11:30	Challenging cases in Peyronie's disease: updated evidence and surgical decision-making	***Gerald Brock***
11:30-11:50	Penile surgery incision techniques: comparative analysis	***Run Wang***
11:50-12:00	Discussion	

12:00-13:00 **LUNCH**

13:00-14:45 **Semi Live Surgery Session**
Moderators: ***Hossein Sadeghi-Nejad***

13:00 - 13:45	Case presentation and theoretical background of cryoablation	***Emre Salabaş (Semi live)***
13:45 – 14:45	Challenging cases in penile surgery	***Ateş Kadıoğlu (Semi live)***

14:45-16:00 **Plenary Session 3**
Moderator: ***Murat Çakan***

14:45-15:00	History of andrology in Türkiye: What has been different in 35 years	***İrfan Orhan***
15:00-15:15	Surgical treatment of priapism	***Mustafa Kadıhasanoğlu***
15:15-15:30	An overview of PDE-5 inhibitors in 28 years	***Hossein Sadeghi-Nejad***
15:30-15:45	Penile enlargement materials: which is the best	***Dmitry Kurbatov***
15:45-16:00	Indications (ED, Chronic prostatitis) of extracorporeal shock wave therapy (ESWT) and comparison of devices	***Erhan Ateş***

PROGRAM - Day 2 — Saturday, 28 November 2026

16:00-17:00 **Residents Ask the Experts (ESRU Session)**
Case presentations (Total 6 cases):

Case 1: ***Mutlu Çakır***
Case 2: ***Fırat Özervarlı***
Case 3: ***İsmail Tekin***
Case 4: ***İlayda Özden Yıldırım***
Case 5: ***Muhammed Zübeyr Canbolat***
Case 6: ***Baran Arslan***
Panelists: ***Osama Shaeer, Gerald Brock, Run Wang, Tobias S. Kohler, Hossein Sadeghi-Nejad***
Format: Interactive case-based discussion led by residents, followed by expert comments, practical decision-making points, and audience questions.

17:00-17:20 **Current use of ESWT in genital system** ***Mazhar Ortaç***

17:20-18:00 **ESWT Hands-On Workshop**

Trainers: ***Ali Yıldız, Tuncay Taş, Abdullah Armağan***
Objective: This practical workshop is designed to introduce the principles of low-intensity extracorporeal shock wave therapy in andrology, with emphasis on patient selection, device setup, probe positioning, treatment mapping, safety checks, and documentation of treatment parameters.
Learning objectives: define appropriate indications, contraindications, and counseling points for ESWT in erectile dysfunction and related andrological conditions; demonstrate correct probe positioning and treatment-zone mapping on models or simulation stations.
